Accessories List

WARNING: Use only cables, parts and accessories specified or approved by Philips to ensure patient safety. Do not connect any unapproved devices to the MR Patient Care Portal 5000 system. The use and/or connection of parts and accessories not specified by Philips may negatively impact the system and patient safety.

NOTE: Not all accessories and supplies are available in all countries. The list of accessories is subject to change without notice. Contact your Philips sales representatives for other accessories that may be available.

Table 57 Approved Supplies and Accessories

Description	Part Number
Compatible Devices	
Expression Model MR400 MRI Patient Monitoring System	866185
Expression MR200 MRI Patient Monitoring System	866120
Communication Components	
Radio Kit, USB	989803205001
Cradle, Radio	989803204881
Antenna, Modified HE61 NH, RoHS (Mast Antenna)	453564892281
Control Room Flex Antenna	989803176511
Control Room Flex Antenna, RED	989803206531
Advanced Communications Option	989803176521
Wall Mounting Accessories	
Arm Extension, Strip Chart Printer	989803181941
Wall Channel, Polymount, 19	989803152951
Wall Arm, 16	989803179291
Mount, Remote Desktop Wall	989803204921
Data Input/Output Accessories	
USB Flash Drive, Partitioned,	453564658751
Keyboard and Mouse, Wireless	989803178091
Bar Code Scanner, Wireless MRI	989803192381
Thermal Printer Kit, USB	989803205011
System Power Cords	
Cord, Jumper, 25 Feet	989803168221
Pigtail Line Cord	453564177511
European Line Cord	453564177501
UK Line Cord, 3 Meters	989803174171
North American Line Cord	989803168211

Table 57   Approved Supplies and Accessories (Continued)

Description	Part Number
Brazilian Power Cord, 3 Meters	989803173901
Power Cord, S Africa, 3 Meters	989803181321
Power Cord, AUS/NZL, 3 Meters	989803181291
Power Cord, Danish, 3 Meters	989803181331
Power Cord, Israeli, 3 Meters	989803181341
Power Cord, Argentina, 3 Meters	989803181351
Power Cord, Swiss, 3 Meters	989803181361

MR Compatibility of System Components

Table 58 lists the Compatibility of the MR Patient Care Portal 5000 components and accessories.

Table 58   MR Compatibility of System Components

Part Number	Description	MR Rating	Warning
453564658751	USB Flash Drive, Partitioned	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
453564792561	Desktop Unit	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
989803204941	Display, 18.5 inch	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
989803205741	Power Adapter, Desktop	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
453564875441	Power Supply, Desktop, XP, RoHS	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
989803176511	Control Room Flex Antenna	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room

Table 58   MR Compatibility of System Components (Continued)

Part Number	Description	MR Rating	Warning
989803206531	Control Room Flex Antenna, RED	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
989803178091	Wireless Keyboard and Mouse,	N/A - OEM	N/A
989803192381	Bar Code Scanner, Wireless MRI	Bar Code Scanner Base – MR unsafe Barcode Hand-held scanner – MR Conditional	Base - Projectile Hazard. Keep out of MR Scanner Room Scanner - The hand-held component of the bar code scanner may be used inside the room with the MR magnet in a location at or outside the 2,000 (2,000 or less) Gauss (0.2T) field line, as measured from the centerline of the MR bore, but in no case closer than 3 feet (1 meter) from the MR system. Keep the hand-held out of the MR system bore and avoid contact with the patient's bare skin while the MRI scan is running. Potential for excessive heating and patient injury. The hand-held is electronic and susceptible to excessive heating from the MRI scan RF only if placed inside the bore of the MR system during that scan. Failure to do so may result in patient injury.
989803205001	Radio Kit, USB	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
989803204881	Cradle, Radio	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room
989803205011	Thermal Printer Kit, USB (includes 453564253071 Thermal Printer, USB; and cables)	MR unsafe	Projectile Hazard. Keep out of MR Scanner Room

Table 58   MR Compatibility of System Components (Continued)

Part Number	Description	MR Rating	Warning
989803152951	Wall Channel, Polymount,19	N/A - OEM	N/A
989803179291	Wall Arm, 16	MR unsafe (OEM)	Projectile Hazard. Keep out of MR Scanner Room
989803181941	Arm Extension, Strip Chart Printer	N/A - OEM	N/A
989803204921	Mount, Remote Desktop Wall	N/A - OEM	N/A
989803176521	Advanced Communications Option	MR Conditional	The ACO antenna can be mounted anywhere in the MRI scanner room, except inside the MRI system bore. The device contains non-magnetic metal and is susceptible to excessive heating from the RF produced during an MRI scan if placed inside the MRI system bore. Failure to observe this warning may result in damage to the antenna or patient injury.
